

We can sort shapes into groups that have something the same.

Key Words

circle

Circles are completely round. They do not have any corners.

triangle

Triangles have 3 sides and 3 corners.

square

Squares have 4 sides that are the same length and 4 corners.

rectangle

Rectangles have 4 corners, 2 opposite sides that are 1 length and the other 2 opposite sides that are a different length.

Other Shapes

trapezium

rhombus

kite

parallelogram

pentagon

hexagon

oval
